Dear Secretary Pano:

Re: Use of UNFPA Vehicles and Equipment

In light of the forthcoming elections this May, I would like to remind all our implementing partners to ensure that all UNFPA vehicles and equipment are exclusively used to address the goal of objectives. Under no circumstances, should they be used for political activities such as campaign rallies and distribution of political paraphernalia.

In the case of the project vehicles, we enjoin all the project managers and their deputies and in the case of our provincial and municipal government partners, the Provincial Program Management Units (PPMUs) and Municipal Management Units (MMUs), respectively to ensure the strict compliance with the UNFPA vehicle guidelines provided to your office earlier.

Your cooperation would be highly appreciated.

Kind regards,

Sincerely yours,
