**2017 SEAL OF GOOD LOCAL GOVERNANCE:  
PAGKILALA SA KATAPATAN AT KAHUSAYAN NG PAMAHALAANG LOKAL**

**Memorandum Circular No.: 2017-53**

**March 22, 2017**

**1. Prefatory Statement**

*Gobyernong may malasakit tungo sa pagbabago at patuloy na pag-unlad!*

The Seal of Good Local Governance (SGLG) symbolizes integrity and good performance through continuing governance reform and sustained local development. It is a progressive assessment system adopted by the Department to give distinction to remarkable local government performance across several areas.

In light of national government thrusts, organizational commitments, and emerging good governance frameworks, the Seal or SGLG further aligns its parameters to help meet expectations and contribute in realizing target outcomes relative to local governance. Most notably accounted for is the Philippine Development Plan (PDP) to help bring about the current Administration's vision of *inclusive growth, high trust society, and a globally-competitive knowledge economy, following the principles of **Malasakit, Pagbabago at Patuloy na Pag-unlad***.

For 2017, the DILG raises its overall assessment criteria from "3+1" into "4+1". Peace and Order has been added to the core areas namely, Financial Administration, Disaster Preparedness, and Social Protection. This year, a new essential area, Tourism, Culture and the Arts, is likewise introduced to measure LGU efforts along these concerns.

Relative to the PDP, the areas of Financial Administration, Social Protection, Disaster Preparedness and Cultural Preservation are aligned with the principle of '*Malasakit*' (*Enhancing the Social Fabric*). The areas of Business Friendliness and Tourism, on the other hand, support economic growth consistent with the principle of '*Pagbabago*' (*Reducing Inequality*), while Peace and Order and Environmental Management are bedrock strategies for '*Patuloy na Pag-unlad*' (*Increasing Growth Potential*).

All qualified LGUs shall be awarded and incentivized accordingly. LGUs which have consistently passed all assessment areas shall also be recognized.

**2. Scope/Coverage**

This policy shall cover:

- Eighty-one provinces, 145 cities and 1,489 municipalities which shall be subjected to the SGLG assessment;

- All Regional and sub-regional offices who are primarily involved in the regional implementation, together with partner CSOs and/or NGA-partners;
- Bureau of Local Government Supervision – Local Governance Performance Management Division (BLGS-LGPMD) as overall lead in the implementation of the program.

### **3. Policy Content and Guidelines**

#### **3.1. Assessment Criteria**

For 2017, the principle “4+1” applies where an LGU needs to pass four core areas, namely, Financial Administration, Disaster Preparedness, Social Protection, and Peace and Order; and at least one essential area: either Business-friendliness and Competitiveness, Environmental Protection or Tourism, Culture and the Arts. These areas are described as follows:

- 1.1.1 Financial Administration - The practice of LGU accountability and transparency by adherence to accounting and auditing standards and compliance with the Full Disclosure Policy (Good Financial Housekeeping); sound management of resources (Financial Performance); and optimal utilization of available mechanisms and resources to support local development (Financing Development).
- 1.1.2 Disaster Preparedness –Proactive LGU actions to prepare for disasters through mobilization of local DRRM structures and systems; development and/or implementation of appropriate programs and plans and the use of funds provided; building competencies of concerned personnel; and ensuring operational readiness with the availability of equipage, supplies and other resources intended for early warning and/or response.
- 1.1.3 Social Protection – LGU actions to respond to the needs of disadvantaged sectors like women, children, senior citizens, indigenous peoples and persons with disability (PWDs), urban poor, among others, by managing facilities or services that cater to their needs such as residential care facilities; providing support to basic education and accessibility features in local government buildings; enhancing means of social welfare services; providing housing; and ensuring participation of the sector(s) in local special bodies and in the local Sanggunian.
- 1.1.4 Peace and Order – LGU efforts in maintaining peace and order with the implementation of activities and providing support mechanisms to protect constituents from threats to life and security; and ensuring drug-free communities.

- 1.1.5 Business-Friendliness and Competitiveness – LGU actions to bring about business and employment opportunities through systems, structures and/ or legislation to support local economic development.
- 1.1.6 Environmental Management- LGU efforts in safeguarding the integrity of the environment with initial focus on the compliance with the Ecological Solid Waste Management Act of 2000.
- 1.1.7 Tourism, Culture and the Arts – LGU efforts to promote and develop the local tourism industry, preserve and enrich cultural heritage, and advance creativity through local support.

### 3.2. Assessment Pre-requisites: Tools, Mechanisms, Structures and Partners' Support

- 3.2.1 Assessment Tools. Only prescribed Forms shall be used in documenting data and observations. A subsequent issuance will be circulated separately to the Regional Offices to provide the tools and supporting guidelines in more detail.
- 3.2.2 Mechanisms. The Local Governance Performance Management System continues as the operational platform of the SGLG. Moreover, the designated LGPMS-SGLG Google Drive serves as the main storage facility of all documents and databases relative to LGU assessments and their supporting documents.
- 3.2.3 Structures and Composition
  - a. Regional Assessment Teams, to be organized by the DILG-Regional Offices, each composed of cross-posted cluster leader and representative from a civil society organization (CSO). The participation of a representative from a partner-national government agency (NGA) or the private sector is optional.
  - b. National Validation Teams, to be organized by the Bureau of Local Government Supervision (BLGS), composed of representatives from DILG-Central Office, DILG-Regional Offices, CSOs and/or partner-agencies.
  - c. National Quality Committee, to be organized by the BLGS, composed of experts and advocates of good governance coming from CSOs and the academe, including the Undersecretary of Local Government.
- 3.2.4 Participation of and Support to Partners. The SGLG's collaborative engagement with CSOs, other NGAs and/or the private sector in the validation process is deemed necessary and hereby maintained to ensure integrity of assessment results. Honorarium or travel expenses, whichever is appropriate, shall be provided subject to the availability of funds and the usual accounting and auditing rules and regulations.

### 3.3 Phases of the Implementation, Indicative Schedule and Responsibilities

It is crucial that quality in both information and process are sustained in the SGLG. LGUs shall be expected to provide reliable and complete data; on the other hand, assessors need to reflect all data and observations in the prescribed forms and documentation templates. The overall assessment of LGUs shall be guided by the following:

#### 3.3.1 Regional Assessment: Data Gathering, Validation and Certification, On-Line Data Entry and Calibration (1<sup>st</sup> week of April to 3<sup>rd</sup> week of June 2017)

- a. Data Gathering. Each LGU shall ensure availability and accessibility of data particularly to the Provincial/City/Municipal Local Government Operations Officer (P/C/MLGOO) who shall be responsible in data gathering for the SGLG, and the LGPMS-LGU Team for the LGPMS-LGU Profile.
- b. Regional Validation and Certification. To ensure reliability and quality of data at the local level, the Regional Assessment Teams (RAT) shall take the lead in the validation and certification of LGU evidence through appropriate methods such as documentary review, interview and onsite inspection. It is expected that LGUs cooperate with the assessors.

In cases where there is an observed discrepancy between NGA data and local data, the RAT shall notify BLGS accordingly. BLGS shall forward this to the NGA concerned for confirmation and final action.

After the validation of each LGU, the members of the RAT may provide preliminary feedback regarding their initial observations, which shall be subjected to national quality review.

- c. Data Entry thru the online LPGMS database. The LGPMS-SGLG Regional Focal Persons shall be responsible for provinces, HUCS and ICCs, while the LGPMS-SGLG Provincial Focal Persons shall be responsible for component cities and municipalities.
- d. Provincial Calibration. The Provincial Calibration facilitates the processing of initial assessment results, and verification of data quality. Any concerns raised by DILG provincial participants shall be resolved at this level.
- e. Regional Calibration. This phase facilitates data quality check within the region; hence, all quality and integrity issues are expected to be resolved at this level as much as possible.

#### 3.3.2 National Assessment: Calibration and Validation (2<sup>nd</sup> week of July to 2<sup>nd</sup> week of August 2017)

- a. National Data Processing and Quality Check. A cross-region approach shall be employed to finalize processed results and come up with the shortlisted LGU passers. These LGUs shall be subjected to national validation.

- b. National Validation. Potential SGLG passers shall be validated by the National Validation Teams to confirm regional assessment results.

3.3.2 Presentation of Validation Results and Indorsement (3<sup>rd</sup> to 4<sup>th</sup> week of August 2017). Based on final validation results, the Initial List of 2017 SGLG Awardees shall be determined and presented to the members of the National Quality Committee for final vetting. Once agreements are made, the List shall be indorsed, for approval, to the Secretary of Interior and Local Government, through the Undersecretary of Local Government. The signed document becomes the Official List of LGUs to be conferred with the SGLG for 2017.

3.3.3 Announcement of Results (October 2017). The list of passers shall be published in the DILG official website and/or print media. Likewise, the same shall also be communicated to the DILG-ROs for dissemination containing the qualified LGUs for the following:

- a. Good Financial Housekeeping. The Official List of GFH Passers shall be produced to facilitate the issuance of GFH Certification. A separate policy on this concern shall apply.
- b. Seal of Good Local Governance. LGU passers shall be recognized:
  - i. 2017 SGLG Passers. Each awardee shall be conferred with a 2017 SGLG awardee's marker in a ceremony to be organized into four clusters - North Luzon, South Luzon, Visayas and Mindanao.
  - ii. 3 Consecutive Years Passers in all Areas. A special distinction shall be given to each LGU which consistently passed all assessment areas for the three periods, CYs 2015, 2016 and 2017, as a unique symbol or mark of their outstanding achievement. This means that the new area on Tourism, Culture and the Arts is included.
  - iii. LGUs that did not qualify the SGLG shall be notified with their scorecards citing areas of compliance and opportunities for development.

#### 3.4 Governance Assessment Report and Conduct of Exit Conference

The Governance Assessment Report (GAR) displays the overall performance of LGUs along the assessment areas for three years. Such results may be used by the LGU as inputs to a more comprehensive analysis of its performance over a period of time and in crafting immediate and future interventions.

The GAR shall be disseminated by the designated DILG Regional or Field personnel through an exit conference which is a venue for dialogue where areas for improvement may be agreed for LGU action.

### 3.5 Link to the Performance Challenge Fund and Other Opportunities

Awardees of the 2017 Seal are eligible to access the Performance Challenge Fund (PCF) to finance local development initiatives in furtherance of national goals and strategic thrusts. Details of the PCF incentive shall be issued in a separate Circular.

Moreover, LGU access to other program windows and capacity development assistance from the Department will form part of the incentives package, subject to national policies and guidelines.
